# The order process is simple:

## 1.Samples

Choose the standard mold above. Or send us a drawing or samples of the gummy shape you want to produce. Include desired weight and dimensions.

## 2.Drawing

We will generate a dimensional drawing of your product mold and return it to you for approval.

## 3.Fabrication

Once the drawing is approved, we will get the fabrication process started after we get the down payment for the machine. The lead time is 3-4 weeks.
