TABLETS

EcoTab-23 is a rotary tablet press that allows users to produce volumes of top quality tablets rapidly and efficiently. Among the advanced features are a digital interface and convenient control console. Together, these make it easy for the operator to manage the machine without having to make time consuming and fiddly manual adjustments to bolts and screws.

EcoTab-23 tablet press is ideal for users who need fast, professional production of Effervescent tablets from Vitamin C, Salt or Detergent.

Features

- Digital interface for convenience and speed
- Easy to use console to control the machine without time consuming manual adjustment
- Double colour option
- Fast, 69,000 tablets per hour maximum production
- Tablets up to 25mm diameter
- Stainless steel construction for hygiene and durability
- Perspex shielded turret to avoid cross contamination and ensure user safety
- Variable frequency stepless speed control, easy to operate, safe and reliable
- Pressure overload automatic cut-out protection to avoid damage
- Emergency stop button
- All parts removable for quick and easy maintenance
- Easily interchangeable dies available in many shapes and sizes
- GMP compliant
- Choice of one phase or three phase electricity
- Choice of voltage to suit your electricity supply

Technical Data	EcoTab-23
Number of press station	23
Max tablet diameter(mm)	40
Max output(Tablet/h)	69000
Max speed (rpm)	25
Max filling depth(mm)	30
Max pre pressure(KN)	100
Idle load noise dB(A)	<75
Power	220/380V 50/60HZ 7.5Kw
Dimension (mm)	1000×1250×1900
Weight(Kg)	3200
